

Akhileswara Reddy

Full Stack Developer(MERN)

+91-9618086834 · akhileswarareddy999@gmail.com · github.com/Akhileswar936 · linkedin.com/in/akhileswar999 ·

Professional Summary

Full Stack Web Developer (MERN) with hands-on experience in building and deploying production-ready applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing secure RESTful APIs, JWT authentication, and scalable cloud deployments on Vercel and Render. Demonstrated ability to deliver end-to-end features including image uploads, notifications, and domain management.

Technical Skills

- **Programming Languages:** JavaScript, TypeScript, Python
- **Frontend Technologies:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), TypeScript, React.js
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, Bcrypt, JWT Authentication
- **Database & Storage:** MongoDB, Mongoose, MySQL, Multer (Image Uploads), Cloudinary
- **Deployment & Hosting:** Vercel, Render, Domain Management (www.informate.co.in)
- **Development Tools:** Git, GitHub, VS Code, Postman, Thunder Client, Brevo (Sendinblue)

Projects

Informate — MERN Stack Social Platform

Sep 2025 – Jan 2026

- Developed a full-stack social platform enabling users to share posts, bookmark content, and explore feeds based on selected domains
- Implemented secure authentication using JWT and bcrypt with user registration, login, password reset via Brevo (Sendinblue), and automatic session expiration after 14 days
- Designed and built RESTful APIs using Node.js and Express.js for post creation, bookmarking, and user interaction management
- Integrated MongoDB with Mongoose for efficient storage and retrieval of user profiles, posts, and interaction data
- Implemented profile image upload functionality using Multer and enabled full profile management including personal information and authored posts
- Enhanced user experience with interactive notifications using React-Toastify and React-Icons
- Live: <https://www.informate.co.in>

Experience

Full Stack Development Intern (MERN) | SmartBridge | Remote

May 2025 – Jun 2025

- Developed InfoEasy, a secure information sharing platform using MongoDB, Express.js, React.js, and Node.js
- Built and integrated RESTful APIs for secure token-based data access and user authentication workflows
- Implemented JWT authentication and bcrypt-based authorization middleware to protect application endpoints
- Deployed the application with frontend on Vercel and backend on Render with stable production deployment

Live: <https://infoeasy-info.vercel.app>

Web Development Intern | Prodigy InfoTech | Remote

Jul 2025 – Aug 2025

- Developed responsive web applications using HTML5, CSS3, and JavaScript
- Built an interactive Stopwatch and Tic-Tac-Toe game improving JavaScript logic and DOM manipulation skills
- Integrated third-party weather APIs to create a real-time weather application with asynchronous data handling

Education

Bachelor of Technology in Computer Science Engineering

2022 – 2026

Rise Krishna Sai Prakasam Group of Institutions

7.9/10

Intermediate – Mathematics, Physics, Chemistry (MPC)

2020 – 2022

Viswabharathi Junior College

9.2/10

Secondary School Certificate (SSC)

2019 – 2020

ZPHS Thimmayapalem

9.5/10
